

Imagine a School...

- ...That is founded on Fine Arts to inspire and enhance learning in *all* subjects.
- ...Whose fun but structured program consistently exceeds the BC Ministry of Education's Curricula for Kindergarten, Grade 1 and beyond.
- ...Where children master the curriculum effortlessly through an endless variety of artistic and practical experiences.
- ...That is flexible – offering Half-day (morning) and Full-day Kindergarten options, early drop off/late pickup, and after-school Arts and recreation classes.
- ...Whose program fees include French, piano, swimming, Yoga and other lessons provided by experienced staff or guest artists and professionals.
- ...Where fully-qualified teachers' artistic talents and passion are exceeded only by their love of children.
- ...Where children develop confidence, poise and impressive social skills through performance opportunities, productive collaboration and respectful interaction.
- ...Where the days are enchanting and ever-changing, and the possibilities are unlimited.

We imagined that school...and created it.
