We are seeking creative, inspired Elementary, Middle and High School teachers for our innovative and expanding school. Founded in 2011, ArtsCalibre Academy's fully accredited independent school features an Arts-enriched K-9 program for 2019/2020, which is growing with our students to Grade 12. Fine Arts in all its forms and our creative approach to education are incorporated into every aspect of our curriculum...instilling proactivity, community spirit and a lifelong love of learning in our students. Among the many extraordinary philosophies that we embrace is "The Leader in Me" program originally inspired by Dr. Stephen Covey, which promotes personal responsibility and natural leadership skills in children. Our school proudly features small, multi-age classes of 10 to 12 students.
